Questions and Answers

PEI Stakeholder Workshop Breakout Sessions

- Breakout Sessions for Priority Populations:
 - Trauma-Exposed Individuals
 - Children/Youth at Risk for School Failure
 - Suicide Prevention
 - Children/Youth in Stressed Families
 - Onset of Serious Psychiatric Illness
 - Children/Youth at Risk of Juvenile Justice Involvement

Breakout Session Questions

- Trauma-Exposed Individuals
 1. How can we identify and serve individuals who have been exposed to trauma?
 2. What types of trauma affect members in your community?

Breakout Session Questions

- Children/Youth at Risk for School Failure
 1. What types of programs and services in your community best address the needs of children and youth who are at risk of school failure due to behavioral and emotional problems?
 2. What specific improvements would you like to see in schools to better address the emotional and behavioral health of children and youth?

Breakout Session Questions

- Suicide Prevention
 1. What types of suicide prevention activities need to be implemented statewide?
 2. What types of suicide prevention activities should be implemented in your community?

Breakout Session Questions

- Children/Youth in Stressed Families
 1. How should we address the needs of children whose families have problems to reduce the risk of behavioral and emotional problems?
 2. How can communities help to build resilience and protective factors in children/youth from stressed families, especially those who are from underserved cultural communities?

Breakout Session Questions

- Onset of Serious Psychiatric Illness
 1. What programs and services have been successful in your community to assist individuals who are experiencing onset of serious psychiatric illness, especially those individuals from underserved communities?
 2. How can communities help to involve family, close friends, and other key individuals in recognizing and responding to early signs of serious mental health problems?

Breakout Session

Questions

- Children/Youth at Risk of Juvenile Justice Involvement
 1. What types of programs and strategies are needed to identify and address mental health needs of children and youth before they get involved in delinquent activities?
 2. What partnerships should be formed in your community to address the needs of children and youth at risk of involvement in the juvenile justice system?
